 - ___ HIM 4389 RHIT progression students & others
 - who already have a significant amount
 - of HIM or related work experience &
 - by approval of Program Director.

FOOTNOTES

^a The information on this form applies to students assigned to the 2008-10 catalog. All students entering HIM Program Fall 2008 and after will follow this degree plan. Catalog designation determines the curriculum and other academic policies that apply to a student. Students must graduate within six years of the semester used to designate their catalog; otherwise, they are subject to the curriculum and academic policies of a subsequent catalog.

^b For course options see the 2008-10 catalog (Note: If both courses are from the same science, one may be non-laboratory; otherwise, both must be four-hour courses and each must include a laboratory).
